THE HISTORY OF MOUNTED GAMES AND THE ASSOCIATION

Mounted Games were the inspiration of H.R.H. Prince Philip. When the late Col. Sir Mike Ansell was Director of the Horse of The Year Show, Prince Philip asked if he could devise a mounted competition for ordinary children which would be fun and which did not necessarily involve owning an expensive show pony.

In 1957, the Horse of the Year Show, (then held in Harringay Arena), staged the first Mounted Games Championship for the Prince Philip Cup and the competition was an enormous success from the start. However, Pony Club rules stated that riders must finish competing in the games when they reached the age of 14 years. Mr. Norman Patrick, the then Chairman of the Pony Club Mounted Games Committee, felt that there was a need for an organisation where riders could continue to play the games past this age and so decided to form his own organisation.

The Mounted Games Association of Great Britain was founded by Norman Patrick on 21st January 1984 (his 70th birthday) and was originally based at his home, Bunces Farm, Farnham, Surrey. Col. Sir Mike Ansell, the instigator of mounted games, became the Patron of the newly founded Association. There were seven founder teams in the Association :- Avon, Berkshire, Hampshire, Hertfordshire, Surrey, Sussex and South West Wales. It is from these original seven teams that the Association takes it's theme music "The Magnificent Seven".

As the Association continued to grow and develop, more and more county teams joined the Association and in 1994, the Association became a Company limited by guarantee - The Mounted Games Association (Great Britain) Ltd. The Association's growth is not confined to Great Britain however & the object of the Association is "To encourage friendship between young people of different nations" .

The popularity of the games has spread right across the world and has led to the formation of the International Mounted Games Association. The following nations are affiliated to IMGA - Australia, Austria, Belgium, Burkina Faso, Canada, Czech Republic, Denmark, England, France, Germany, Iran, Italy, Luxembourg, New Zealand, Northern Ireland, Norway, Republic of Ireland, Scotland, South Africa, South Korea, Switzerland, Sweden, USA and Wales. In addition to competitions in Great Britain, teams can be invited to compete at shows abroad and these trips provide an exciting experience for many members of the Association.

VULNERABLE PERSONS PROTECTION POLICY

(Compiled by Sophie Morris, Safeguarding Officer)

The Mounted Games Association Great Britain (MGAGB) has a statutory and moral duty to ensure that the Association functions with a view to safeguarding and promoting the welfare of all Members, riding or non-riding, of the association.

Throughout this policy reference will be made to “Children and young people”. This term is used to mean “those under the age of 25”. The Committee recognise that some adults are also vulnerable to abuse, accordingly, the procedures maybe applied (with appropriate adaptations) to allegations of abuse and the protection of vulnerable adults.

The MGAGB Committee is committed to ensuring that the Association:

- i. Provides a safe environment for children and young people to compete in.
- ii. Is able to offer support and confidentiality to children and young people who are suffering, or likely to suffer, significant harm,
- iii. Takes appropriate action to see that such children and young adults are kept safe, whilst attending internal and external shows.

In pursuit of these aims, the General Committee will approve and annually review policies and procedures with the aim of:

- iv. Raising awareness of issues relating to the welfare of children and young people and the promotion of a safe environment for the children and young people to compete in.
- v. Aiding the identification of children and young people at risk of significant harm, and providing procedures and reporting concerns.
- vi. Establishing procedures for reporting and dealing with allegations of abuse against officials of MGAGB.
- vii. The appointment of Safeguarding Officers in each region of the Association.

In developing the policies and procedures, the Safeguarding Officer of the MGAGB has taken guidance and consulted with the relevant Authorities.

This designated Officer will lead responsibility for vulnerable person protection; a review will be conducted on all issues during the season that relate to vulnerable person protection annually. The General Committee will refer concerns that a child or young person might be at significant harm to social services and the police.

The MGAGB has designated Sophie Morris as Safeguarding Officer. Sophie is a qualified and registered Social Worker, with specialisms in Child Services. She has undertaken appropriate training and will continually update herself on current policies and procedures.

SECTION A – Definitions of Abuse

The General Committee recognises the following definitions of abuse

A1.1 Physical Abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning, scalding, drowning or suffocating or otherwise causing physical harm to a child. It may be done deliberately or recklessly, or be the result of a deliberate failure to prevent injury occurring. Physical harm may also be caused when a parent or carer feigns the symptoms of, or deliberately causes, ill health to a child, vulnerable adult, they are looking after.

A1.2 Neglect

Neglect is the persistent or severe failure to meet a child or young person's basic physical and/or psychological needs. It will result in serious impairment of their health or development. It may involve a parent or carer failing to provide adequate food, shelter and clothing, failure to protect a child from physical harm or danger, or the failure to ensure access to appropriate medical care or treatment.

A1.3 Sexual Abuse

Sexual abuse involves a child or young person being forced or coerced into participating in or watching a sexual activity. It is not necessary for the child to be aware that the activity is sexual and apparent consent of the child is irrelevant. This may include non-contact activities, such as involving children in looking at, or in the production of pornographic material or in watching sexual activities or encouraging children to behave in sexually inappropriate ways.

A1.4 Emotional Abuse

Emotional abuse occurs where there is persistent emotional ill treatment or rejection. It causes severe and adverse effects on the child's or young person's behaviour and emotional development, resulting in self-worth. Some level of emotional abuse is present in all forms of abuse, though it may occur alone.

SECTION B – Reporting And Recording

If a Member tells a Committee Member or Trainer about possible abuse they should be listened to very carefully, whatever form their attempts to communicate their worries might be. The following points give guidance on how to deal with a Member who makes an allegation.

- i. The Committee Member/Trainer receiving the disclosure must remain calm.
- ii. The Member should be listened to very carefully, but not interviewed or asked to repeat the account. Avoid leading questions, or applying any pressure, however be clear that you understand what the Member is telling you.
- iii. The Member should not be interrupted when recalling significant events.
- iv. All information should be noted carefully, including details such as timing, setting, who was present and what was said, in the Member's words. The account should be obtained verbatim or as near as possible. The MGAGB Confidential Incident Report Form should be used. These are available from any show organiser at an event where the Safeguarding Officer is not present.
- v. Care should be taken not to make assumptions about what the Member is saying or to suggest alternative explanations for their worries. Words should not be put in the reporter's mouth.
- vi. Words should not be offered to the Member in describing an experience.
- vii. Do not interview the Member, but question normally and without pressure, in order to be sure that you understand what the Member is telling you.
- viii. Reassure the Member that by telling you, they have done the right thing.
- ix. Inform the Member that you must pass the information on, but that only to those that need to be told. Inform them of to whom you will report this matter.
- x. Both the Member and the Committee/Trainer should sign the account.
- xi. The Committee/Trainer should not investigate concerns or allegations themselves, but should report them to the Safeguarding Officer.
- xiv. The Safeguarding Officer should make an initial assessment of the allegation and making a Common Assessment Record (CAR) consulting with the Committee and the governing body, the British Equestrian Federation. In extreme circumstances the Social Services/Police in the county that the Member lives may be contacted.

Section C - Dealing with Allegations of Abuse against Trainers, Committee Members or anyone associated with MGAGB

In rare instances Committee Members/Trainers of MGAGB may come face to face with allegations of abuse. Owing to their frequent contact with children and young adults in a variety of situations, including the wider caring role, Trainer / Rider relationships may lead to allegations against them being made by parents or other riders. The MGAGB recognises that an allegation of child abuse made against a Trainer/Committee Member may be made for a variety of reasons and that the facts of the allegation may or may not be true. The MGAGB therefore needs policies and procedures on the management of situations where there are allegations of abuse.

The procedures that follow have been drawn up in consultation with the British Equestrian Federation (BEF). They outline the steps to be followed and considerations to be made for the reporting and subsequent management of an allegation of abuse. It is imperative that those dealing with an allegation maintain an open mind and that those investigations are thorough and not subject to delay. The Committee recognises that the Children Act 1989 states that the welfare of the child is the paramount concern. It is also recognised that the hasty or ill-informed decisions in connection with a Member of the Committee/Trainer can irreparably damage an individual's reputation, confidence and career. Therefore, those dealing with allegations within the MGAGB will do so with sensitivity and will act in a careful, measured way.

Section D - Safeguarding Officer Procedures: Receiving an Allegation

A Member who receives an allegation about another Member, or from a child, should follow the guidelines in Section B for dealing with disclosures and liaise with the Safeguarding Officer for confidential advice and guidance.

Immediately after an allegation is made the Safeguarding Officer should receive:

- i. details of the allegation, signed and dated from the person who received the allegation. The written details will be countersigned and dated by the Safeguarding Officer.
- ii. Written information about times, dates, locations and names of potential witnesses.

The Safeguarding Officer will make an initial assessment of the allegation, completing the Common Assessment Record (CAR), consulting with the General Committee, BEF and wider authorities as appropriate.

Section E – Further Enquires and Investigations

Child protection enquires by Social Services or the Police are not to be confused with internal disciplinary enquiries by MGAGB. The MGAGB may wish to use the outcome of external agency enquiries as part of its own procedures. The vulnerable adult protection agencies, including the police, have no power to direct the MGAGB to act in any particular way: however, the MGAGB should assist the agencies in their enquiries. Social Services and the Police would be likely to convene a meeting with the General Committee and the Safeguarding Officer will be expected to attend. The MGAGB shall hold its own internal enquiries while the formal Police or Social Services investigation proceeds: to do otherwise may prejudice the investigation. Any internal enquiries shall conform to the existing disciplinary procedures.

If there is an investigation by an external agency, for example the Police, the Safeguarding Officer would normally be involved, they will then communicate with chairperson of MGAGB.

MISUSE OF SUBSTANCES POLICY

(Compiled by Sophie Morris, Safeguarding Officer)

The Mounted Games Association of Great Britain (MGAGB) is committed to ensuring, so far as is reasonably practicable, that Members can participate in all activities organised by MGAGB in a safe and secure environment.

This includes all organisers committing to do what is reasonably practicable to ensure the health, safety and welfare of Members and volunteers at MGAGB activities. All adults need to be physically and mentally fit to undertake their responsibilities in this area.

The use of alcohol and tobacco is discouraged within MGAGB as their consumption is incompatible with a healthy approach to sporting activity.

There is zero tolerance of any underage drinking of alcohol while on an MGA event site. See General Rule 19.

Overage Members, riding and non-riding, must not be under the influence of alcohol while in the ring. This includes unmounted duties. See General Rule 19. MGAGB coaches, officials and volunteers must not consume alcohol when they are directly responsible for young people, who are not their own children.

There is zero tolerance of any illegal substances being present, taken, distributed or sold on any MGA site, Internal or External. The term `substance` covers alcohol, solvents, psychoactive substances, and illegal drugs, including prescription drugs not prescribed for the user.

Where a Member is already receiving help with a problem of misuse, that information is on a `need to know` confidential, basis. In most cases this will be the Safeguarding Officer and a Member of the General Committee along with the parent, carer or an appropriate person. This only refers to the Members` individual problem and confidentiality will not be extended to include taking, or handling, illegal substances at MGA Internal/External shows.

In the event of an incident involving drug misuse:

- Any Member, riding or non-riding, found in possession of illegal substances shall be removed from the event site immediately and have their Membership suspended pending formal investigation. Authorities will be notified immediately.
- Any Member of MGAGB suspecting use or possession of drugs at an MGA event should immediately inform the Safeguarding Officer or a Show official who will pass the information onto the Safeguarding Officer. They will be required to give a statement and contact details using the Confidential Incident Report Form. These may be passed on to relevant authorities. If there is an immediate risk to the health, safety or welfare of one or more Members, then the Police must be informed as soon as possible. The person reporting their concerns should not influence any police investigation by hasty actions.
- Any Member, riding or non-riding, reported to be under the influence, or in possession, of any illegal substances will be asked for a full statement by the Safeguarding Officer, or the Event Organiser in their absence. The allegation will then be conducted under Safeguarding Officer`s discretion, supported by MGAGB`s governing body the British Equestrian Federation.

This will include –

- Informing the Members' parents / guardians
- Informing the Police;
- Suspending the Member concerned while investigations are completed;
- Awaiting the completion of Police investigations and actions.

• While there is no legal requirement to inform police under the Misuse of Drugs Act 1971, the MGAGB policy is that the police will be contacted by the Safeguarding Officer should any Member receive a second allegation, or if there is sufficient evidence at a first allegation.

• Any drugs found shall be placed in a secure place by an Official, in the presence of the Safeguarding Officer or witnesses, before being passed on the Authorities.

N.B. This is written on the understand that all persons on MGA Event Sites are Members of MGAGB. Should this not be the case for whatever reason these rules will still apply to any persons on site during an event.

Riders

GR1.11 All riders and officials must be members of MGA(GB) and have paid an annual or temporary membership subscription.

GR1.12 Where a team is unexpectedly short of a rider and might otherwise have to cancel their show entry, a rider may be borrowed from another team only with the consent of the rider's County Representative. "Borrowed Rider" must be entered on the Declaration Form. Borrowed riders may lead to sanctions at league events, check with the league rules for your age group.

GR1.13 Any rider who is a member of the MGAGB and who does not belong to a team is listed under "sundries". Any sundries rider who rides for a team then becomes a member of that team. Borrowed riders and temporary members (guest riders) will not be permitted in the Inter Counties Championship. For external shows, riders may be borrowed with the consent of the Referee and their County Representative. Guest riders may lead to sanctions at league events, check with the league rules for your age group.

Bad or Unsportsmanlike Behaviour

GR10.3 All members will be bound by the MGA(GB) Disciplinary Code relating to bad behaviour. Copies of the code are available from the Secretary or can be downloaded from the www.mgagb.co.uk website. Members will be deemed to have accepted the Disciplinary Code by joining the Association.

GR10.4 Referees have the authority to disqualify a rider/team for gross misconduct. The rider/team will be required to leave the ring immediately. The matter will be reported to the ground jury and a decision will be made regarding the rest of the competition.

Age Groups

GR15.2 The following age limits will apply in competitions organised by the Association:

FUTURE STARS (including Under 12 and Mini - both under 12 years of age)

UNDER 14s - under 14 years of age

JUNIORS - under 17 years of age

OPEN - any age

All ages to be taken as on 1st January of the year in which the competition takes place.

GR15.3 Unless prior agreement has been received from the competition organiser, riders who are eligible to ride as Future Stars may not compete in Junior or Open competitions and riders who are eligible to compete in Under 14s may not compete in Open competitions.

Home International Representation

GR 16.1 To be eligible to ride for a GB country a rider must meet one or more of the following criteria:

- They hold a valid passport in their name issued by that country.
- They have been a full time resident at a registered address in that country for a period of at least 2 years.
- As per their birth certificate, they were born in that country.

- At least one of their parents held a valid passport in their name for that country at the time of their birth.

- Their spouse held a valid passport in their name for that country at the time of their marriage.

GR 16.2 For England North and England South the rules are different and the only criteria allowed is that you must have been born or have lived in the region for 3 years.

GR16.3 Riders that have ridden for one national team, in either IMGA or Home International competitions, are barred to ride for another country for three full seasons *i.e. If you rode for one Nationality in 2013 you cannot ride for another in 2014,2015, 2016 but can for 2017.*

Plaster

GR17.1 No rider will be allowed to ride if they have a limb or any other part of their body in plaster.

Team Transfers

GR18.1 A rider can transfer teams, once, for free each calendar year – between 1st January and 30th April. From 1st May to 31st December the rider may transfer once incurring a fee of £50 – payable by the rider if it is their choice to transfer or payable by the county if the transfer is being implemented through no fault of the rider. If the County Rep does not agree that rider must stay with the county, if then there is no place available up to inter counties the transfer fee payable by the outgoing county rep is £100. If the fee is not paid no teams in that county can compete at inter counties.

GR18.2 Any new member joining the Association may choose to register with a team. If they do not wish to choose a team initially, they will be registered under the heading "Sundries". Should a rider on the "Sundries" list ever ride for a County team as a Borrowed Rider, they then become a member of that team.

The Breathalyser

GR19.1 The method of randomly selecting people to test will be as follows:

(i) For team events:- Two bags containing table tennis balls will be present in the commentary box. One bag will contain balls numbered 1-8 (depending on the number of lanes in each heat) and one containing balls numbered 1-5 relating to the riders in the team as taken from the declaration form and 6 relating to the team trainer. Before each heat two balls will be drawn from the first bag indicating which lanes will be tested and 1 ball will be drawn from the second bag with a rider or trainer number taken from the declaration form. These will be the people who will be tested.

(ii) For pairs events:- One bag will contain balls numbered 1-8 (depending on the number of lanes in each heat) and the other bag will contain balls numbered 1-2 relating to the riders in the pair as taken from the declaration form and 3 relating to the pair's trainer. Before each heat two balls will be drawn from the first bag indicating which lanes will be tested and 1 ball will be drawn from the second bag indicating which rider or trainer will be tested.

(iii) For Individual events there will be 1 bag containing balls numbered 1-8 (depending on the number of lanes in the heat) and the other bag will contain balls numbered 1 relating to the rider and 2 relating to the rider's trainer. Before each heat two balls will be drawn from the first bag indicating which lanes will be tested and 1 ball will be drawn from the second bag indicating whether the rider or trainer will be tested.

GR19.2 Any rider or trainer may be tested where there is reasonable suspicion that they may have consumed alcohol or excess alcohol.

All members have the right to refuse to take a breathalyser test. However, a refusal will be treated in the same way as a positive result and the same penalties will apply.

GR19.3 Zero tolerance for under 18's is 0.03% BAC reading on the breathalyser and, for riders 18 years of age and over and trainers 0.08% alcohol BAC reading is the limit. The 0.08% BAC level is the same as the legal limit for driving a motor vehicle.

For riders over the age of 18 years and trainers the following system will be used:

- a) No further participation in the heat that follows the failed breathalyser test.
- b) Riders must then provide a negative re-test prior to being allowed to ride again in the competition.
- c) Trainers must then provide a negative re-test prior to being allowed into the arena again in the competition.

GR19.4 There should always be an impartial person present to carry out the random breath tests. Random breath testing will be carried out by members of the General Committee or Breathalysing Official not associated with a team, and supported by members of the General Committee. In the case of under-age riders a parent or guardian should be present when the breathalyser is used. In the absence of a parent/guardian the team trainer will be deemed to be responsible.

GR19.5 The punishment is that any under-age rider giving a positive result will be sent home with a two show ban. The two shows that constitute the ban will be selected by the Ground Jury. Riders aged 18 and over giving a positive result will not be permitted to ride until they can pass a breath test. Trainers will not be permitted to enter the ring until they can pass a breath test.

Showground Rules

GR20.1 Dogs must be kept on leads at all times - this rule applies to everyone on the showground.

GR20.2 Vehicles must be driven on the showground at a maximum of 5mph.

GR20.3 Generators must be switched off at midnight.

GR20.4 No bicycles, scooters, motorized scooters or similar are permitted on the showground except in designated areas.

GR20.5 Corrals should be secure and must not exceed 5m x 5m per pony. If they exceed these dimensions you will be asked to reduce, failure to do so will result in disciplinary action.

GR20.6 A dedicated, responsible, person should be assigned to each pony while at all MGAGB event sites. This person's contact details should be attached to the pony while they are not in use, e.g. in a corral or stable. In a case of emergency; escape, fire, accident, illness, evacuation, the dedicated person can then be contacted to retrieve the pony.

Contact details should consist of a contact name and mobile telephone number. They should be waterproof and easily read.

The contacts can be attached to the pony in several ways. Our recommended method is via a small keyring, plastic or metal, attached to a Headcollar. Tags can be purchased from a wide range of suppliers, for roughly £1, there is no set standard of tag – so long as the details are legible. A very limited number of the plastic variety can be purchased, onsite, from the show organisers for £2 each.

Some other attachment methods include; tags as previously mentioned, attached to rug straps, plaited into the pony's mane/tail, attached to a sausage boot or similar around the fetlock. So long as the information is attached to the pony at all times when not ridden, any form is acceptable.

Any pony without an identification tag will incur a fixed penalty of £50 payable by the owner/rider.

MINI MINIS

1. **Aim:**

- 1.1. Mini-Mini sections should provide an opportunity for young riders to develop the skills they require to compete in Mini competitions in a safe, fun and non-competitive environment
- 1.2. Riders should be encouraged to ride correctly and to care for their pony properly.
- 1.3. Riders should be encouraged to do as much themselves as they can – this should be a schooling opportunity for young riders, not a series of competitions for runners dragging ponies and throwing children on and off their pony.
- 1.4. Riders must be riding members of MGA(GB) and must be a minimum age of 4 years and not exceeding their 12th birthday.
- 1.5. Assistants and leaders must be members of MGA(GB) and should wear a riding hat if under 16 years.

2. **Structure**

- 2.1. Prizes are at the discretion of the volunteers organising the section per show.

3. **Rules**

- 3.1. Riders should be led or ride with an assistant beside them, those without an assistant beside them at all times should be in Minis.
- 3.2. If a rider is being led the leader should remain at the pony's shoulder and must never pass the pony's head,
- 3.3. Lead reins must be attached to the cavesson noseband of the pony, not the bit nor to a grackle, flash or dropped noseband
- 3.4. Riders must wear riding hats that have been checked and tagged by MGA(GB).
- 3.5. Riders must wear riding boots with a steel shank.
- 3.6. All people in the arena must wear closed footwear
- 3.7. There should be only one leader per pony. Riders must not have helpers holding them on to the pony.
- 3.8. Riders must be capable of sitting on their pony independently at a pace that is safe for them.
- 3.9. Riders are not to be lifted on and off ponies. They are expected to mount/dismount on their own or with minimal help (a leg up, not a lift on). It is appreciated that some riders are too small to mount their pony but the least help possible should be given them to help them mount.
- 3.10. A rider can not ride in any other section at the event and a pony cannot do more than 24 games a day.
- 3.11. If equipment is dropped on the floor the rider must correct the mistake by themselves, although they can receive assistance by being lifted off and on the pony.

4. **Game Selection**

- 4.1. Games used in MGAGB Mini Mini classes should be carefully selected in order to be as safe and enjoyable as possible for young riders
- 4.2. Only equipment available by the ring for that session should be used. No equipment should be brought across from other rings. Any damaged equipment must be reported to the equipment manager immediately.
- 4.3. It is imperative that children should not be running or on foot in the arena when there are ponies being ridden in the same area.

TACK AND DRESS RULES

All rules are as per the IMGA rule book with addition of the below.

GT1 Tack can be checked at any competition. Any rider found to be using tack that is ruled to be not conforming to the rules, unsafe, over severe or poorly fitting will be advised to correct any fault. Examples, of this include over tight nosebands and/or martingales.

T1. TACK

All tack should be fitted correctly to the pony, advice on this can be found on the website under training videos.

Badly fitting tack affects the performance level of your pony, not to mention causing them constant discomfort and pain that can lead to prolonged health issues.

T1.1 Tack must be used for the purpose it was designed.

T1.2 Saddle's must be well fitted to the individual pony. The saddle should be three adult fingers clear of the pony's withers and one adult finger clear of the spine at the back of the saddle when the rider is sitting on the pony.

T1.3 Numnahs should not be pressing on the pony's withers or spine when the rider is sitting on the pony.

T1.4 Buckles on vaulting straps, Breastplate attachments to saddles, and other exposed buckles not on the pony's head or girth, should be covered in tape to avoid the risk of injury to rider or pony.

T1.5 Force on the pony's mouth must be equal to the force exerted by the rider,

no attachment may be used that allows a force on the mouth that is exerted by the pony not the rider.

T1.6 Side reins, Draw reins and Grass reins are not permitted, in the ring or any other time at MGA(GB) events.

T1.7 Daisy Reins are permitted in the Future Stars Mini Division and the Mini Minis only. It is advised they are worn in conjunction with a crupper.

T1.8 Blinkers are not permitted. The use of sheepskin, or similar, on bridles should be intended for comfort only and must not extend further than 3cm from the horse's face.

T2. HATS

T2.1 Hats must meet at least one of the following standards:

PAS 015

ASTM F1163 (2004) with SEI mark

SNELL E2001 with SNELL label and number

AS/NZS 3838 with SAI Global mark

or any new standard that meets or exceeds those stated

The EN1384 and BSEN1384 hat standards have been withdrawn and will be permitted only if accompanied by another standard stated above.

T2.2 All hats will be inspected by MGA(GB) and those approved as meeting these standards will be tagged so that they can be identified easily as meeting safety standards.

T2.3 A 'tagged' hat does not provide any guarantee of safety. All riders are strongly recommended to check their hats are correctly fitted and to replace them if they are damaged or have been worn in a fall.

T2.4 Riders are advised to check the wording of any insurance policy they may depend on in case of accident for any specific requirements regarding the wearing of hats.

T2.5 Any rider who is involved in a fall that results in a concussion will have the tag removed from their hat.

T2.6 Riders must wear hats, with the chinstrap fastened, at all times while mounted. Exceptions may be made for male riders during prizegiving where they may remove their hat while stationary. This is at the discretion of the Event Organiser.

T3. DRESS

T3.1 All members of a team must wear shirts or jumpers of the same colour and design and identical hat silks

T3.2 Team jumpers and shirts must display the county name and the MGA(GB) logo

T3.3 No jewellery may be worn, other than a wedding ring. If any jewellery cannot be removed for any reason it should be covered securely in tape.

T3.4 Long hair should be secured appropriately.

T3.5 Whips & Spurs of any kind are not permitted in the ring or elsewhere on at any MGA(GB) event.

T3.6 Riders should wear boots designed for riding.

T3.7 Damaged boots can be hazardous and should not be worn.

T3.8 Boots should be properly fastened and secure on the feet.

T3.9 Everyone is advised to wear safe and sensible footwear when near ponies.

T.3.10 All persons must have closed footwear when in the ring.

T4. PONIES

T4.1 Ponies should be of an appropriate size and ability for their rider.

T4.2 Ponies should be turned out to a high standard, clean, with no stable stains and have brushed out mains and tails. Plaits are not permitted.

T4.3 Charts showing rider's height and weight limits and their implementations are shown on Pages 34-36

T4.4 Ponies must be fit and healthy to compete, see guidelines pages 38 - 40.

T4.5 Ponies should not be over or under weight. Ponies with a body condition score of 1 or below or of 5 (based on Carroll and Huntington method) should not participate in competitions

T4.6 There should be no sign of lameness and ponies should have no open wounds.

T4.7 Ponies suspected of being lame will be inspected by the Referee, their decision is final.

Mounted Games Association

Concussion Protocol

Any rider following an incident/fall and sustaining a head injury however slight should be assessed for having a concussion. Concussion can be suspected in the presence of **any one or more** of the following: symptoms (such as headache), or physical signs (such as unsteadiness), or impaired brain function (e.g. confusion) or abnormal behaviour.

1. Symptoms

Presence of any of the following signs & symptoms may suggest a concussion.

Loss of consciousness	Feeling slowed down
Seizure or convulsion	Feeling like “in a fog“
Amnesia	“Don’t feel right”
Headache	Difficulty concentrating
“Pressure in head”	Difficulty remembering
Neck Pain	Fatigue or low energy
Nausea or vomiting	Confusion
Dizziness	Drowsiness
Blurred vision	More emotional
Balance problems	Irritability
Sensitivity to light	Sadness
Sensitivity to noise	Nervous or anxious

2. Memory function

Failure to answer all questions correctly may suggest a concussion.

“What venue are we at today?” “What team are you in?”

“What game did you last perform?”

“What is the name of your pony?”

“Who is your trainer?”

3. Balance testing

Instructions for tandem stance

*“Now stand heel-to-toe with your **non-dominant** foot in back. Your weight should be evenly distributed across both feet. You should try to maintain stability for 20 seconds with your hands on your hips and your eyes closed. I will be counting the number of times you move out of this position. If you stumble out of this position, open your eyes and return to the start position and continue balancing. I will start timing when you are set and have closed your eyes.”*

Observe the rider for 20 seconds. If they make more than 5 errors (such as lift their hands off their hips; open their eyes; lift their forefoot or heel; step, stumble, or fall; or remain out of the start position for more than 5 seconds) then this may suggest a concussion.

Any Rider with a Suspected Concussion should be IMMEDIATELY REMOVED from the Arena and assessed medically, not be left alone and should not ride a pony or drive any vehicle.

H: Rider Height and Weight Limitations 2017

It should be understood that the intention of these rules is not to prevent a rider from participating in a competition because of borderline measurements. These rules are created in conjunction with a 7 year study by a Vet and Chief International Referee experienced in our sport – for the welfare of our ponies and riders.

H1.1 In 2017 MGAGB will be using the Official IMGA Height & Weight graphs as a guideline aim for its members at all Internal Competitions. Riders should aim to meet these guidelines in 2017, they will be enforced fully in 2018. At Externals and Home International Events the IMGA graphs will be enforced in 2017.

H1.2 Any riders who are suspected of being over-height or over-weight for their mount may be asked by an official to be checked. This will involve the rider being weighed, in their kit, and their pony being measured.

H1.3 This will take place in a private and confidential location to be appointed by the Event Organiser. The rider's height and weight will be documented on the IMGA chart, and a copy given to the rider for their reference.

H1.4 There will be no comment made on whether a reported rider or pony fall into certain categories laid out by the IMGA chart i.e. Experienced, Strong etc.

H1.5 Measurements will be made by the Event Manager and Safeguarding Officer. All measurements are strictly confidential and will not be seen by any other person, other than those present at the time. Riders under the age of 18 on 1st January 2017 must be accompanied by a parent/guardian. Riders 18+ on 1st January 2017 may request to have another person present.

H1.6 In 2017 there will be no sanctions for not meeting the IMGA Height & Weight chart at MGAGB events – other than at Externals, Home Internationals & World Individuals (IMGA sanctioned competition).

H1.7 Only Assistant Referees, Referees or Show Organisers can report a suspected over-height or over-weight rider. Concerns should be reported discreetly, and fully confidentially, to the Event Manager or Safeguarding Officer. They will approach the rider in question at a time, and in a way, they see fit.

H1.8 Under no circumstances are any reports to be made public knowledge, or announced over the PA systems.

H1.9 Riders may wish to put themselves forward to be checked for their own reference. In this instance they should contact the Event Manager directly.

Graphs

These can be found on pages 36 & 37 and show, in both imperial and metric units, the minimum size of pony allowed for any combination of rider's size, rider's weight, rider's level of experience, and pony build. On each of the graphs there are different lines depending on the level of experience of the rider in Mounted Games, and the general build of the pony concerned.

Check the rider's height and weight, then plot these on each graph against the pony's height. Select the appropriate line on each graph for pony build and rider experience. If your point is below the appropriate line you are within the restrictions, if above, you are not.

H2 For Home Internationals and Externals in 2017 it will be deemed that all riders are 'Experienced' and all ponies are 'Strong' for 2017.

H2.1 For IMGA Events the rider's experience and pony's build will be taking into consideration on a case by case basis. In these cases the Referee has set guidelines to follow, these are available on the IMGA website.

H2.2 Individuals who feel they may be borderline on the graphs can provide photographic and certificate evidence of a pony's height and build to the IMGA Chief Referee prior to the event, with their Country's support.

H2.3 The Referee's decision is final.

MINIMUM HEIGHT OF PONY ALLOWED ACCORDING TO RIDER'S WEIGHT

Weight Restrictions Version 2 for application 2017

MINIMUM HEIGHT OF PONY ALLOWED ACCORDING TO RIDER'S HEIGHT

The Welfare of Ponies and Horses at MGAGB Events

Under the Animal Welfare Act (2006), every owner, or the person responsible, for an animal has a duty of care to ensure that animal's wellbeing while under their care. It is therefore an offence not only to cause suffering or ill treatment but also to fail to take adequate measures to protect the animal's welfare even if it is not yet suffering.

Throughout these rules, the term "Pony" will be used to describe horses and ponies irrespective of size or gender. The term "Owner" will be used to describe the responsible adults for each pony.

Health

- Ponies attending MGAGB events must be in good health and fit enough to cope with the demands of the event and any associated travelling. If this is deemed to not be the case, you may be asked to leave the ring by the referee. This is in the interest of rider & pony welfare, of yours and those around you.

- They should not be over or under weight. Ponies with a body condition score of 1 or below or of 5 (based on Carroll and Huntington method) should not participate in competitions. They should have no open wounds, and be well groomed to prevent rubbing injuries from their tack.

- Ponies should be well shod, or have their feet trimmed regularly. They should also have regular back and teeth checks to ensure good health and aid performance.

- Ponies attending events should be at least 4 years old. Pregnant mares should not be ridden at events unless accompanied by a veterinary certificate and mares over 6 months pregnant are not permitted. Stallions are not permitted.

- Health and welfare are inextricably linked. Owners must act responsibly and not attend an event if their horse has been in recent contact with a disease outbreak even if their horse appears to be in good health. As a general rule, a period of at least 2 weeks free from exposure to known infection would be considered reasonable.

- Owners are strongly encouraged to have their horses vaccinated against equine flu. Annual vaccination is necessary to maintain adequate levels of immunity and vaccination is routinely combined with tetanus vaccination, which although not transmissible between horses, is frequently fatal and considered an essential of responsible horse ownership. Event organisers may insist on evidence of up to date flu and tetanus vaccination which must be recorded in the horse's passport.

- In the interest of preventing spread of disease, owners should avoid tack sharing and horses should have their own feed and water buckets. Event organisers should ensure that clean, fresh water from a tap rather than using communal drinking troughs.

- Clean, fresh water should be readily available to your pony throughout the event, excluding directly after competing. Ponies should have access to roughage and water throughout the night. Owners should be reminded that many corrals are sparse of grass by the second evening and it is advised to bring hay/haylage, or similar, with you to provide to your pony overnight. Ponies burn up a lot of energy competing and it is deemed healthier for them to be able to trickle feed rather than just feed hard food alone throughout an event.

Medications

-It is clearly essential for the welfare of a horse that appropriate veterinary treatment is given when required, including appropriate medication. However, medication may mask an underlying health problem. Therefore, horses should not compete or take part in training activities when taking medication, if the combination of the medication and the activity may have a detrimental effect on the horse's welfare.

-Ponies that are apparently fit and healthy, but receiving veterinary treatment with prescription drugs, may be allowed to attend MGAGB events. Some medications are required for the ongoing health and welfare of a pony which is otherwise fit and capable of normal work. An example of this could be treatment for Cushing's disease. If a pony is running on prescribed drugs, details of such should be available to be viewed by Event Organisers should they be required.

-The Event Organisers may eliminate a pony from an event if it is receiving analgesic or anti-inflammatory medication (e.g. phenylbutazone), or if participation in the event is, in the opinion of the organisers, likely to be detrimental to the pony's health and welfare.

Transport

The welfare of ponies being transported is protected by specific legislation (2006 & 2007) in addition to the Animal Welfare Act (2006) a summary of the legal requirements is below and is strongly advised to be adhered to for MGAGB event travel.

- The pony must be fit to travel and the transport (horsebox or trailer) must be roadworthy, clean and fit for purpose. Common faults are weak floors and ramps, illegal or underinflated tyres and poorly maintained couplings and lights.

- When travelling, the pony must be accompanied by a person suitably experienced in transporting equines. Preferably they should be familiar with the pony being transported.
- It is a legal requirement that a pony travelling to an event is accompanied by its passport. This applies even if the pony is hacked to the event.
- A travelling kit, appropriate to the length of journey, must be carried. This must include feed, water, clean buckets, rugs and a first aid kit containing a minimum of: a thermometer, cotton wool, gamgee, non-adherent dressing such as Melolin, self-adhesive bandages, adhesive tape and blunt ended scissors. When a pony is hacked to an event, provisions must be made for access to these items including a headcollar or halter.
- Ponies should only be left unattended in a horsebox or trailer if they are known to be comfortable and relaxed in that situation. Ventilation and access to the pony must be maintained.

Rider Aids

- Riders must use natural aids; seat, legs, body weight, hands (via rein) & voice. And use these aids in the natural way intended.
- A pony must not be reprimanded by repeated yanking on the bit. Any rider seen to be doing so shall be reprimanded via the disciplinary code of conduct. Ponies seen bleeding from the mouth is deemed unacceptable.
- A pony may not be struck by any object, including your hand, inside or outside of the competition ring. Anyone seen to be doing so shall be reprimanded by the referee. Any secondary offences will be passed on to the Ground Jury and a decision made via the disciplinary code of conduct.

MGAGB OPEN LEAGUE SUMMARY RULES 2017 SEASON

(the full version can be downloaded from the website - <http://mgagb.co.uk/rules/leagues/2017-open-league/>)

- All Open teams will take part in the League system for the 2017 season at the following shows
 - Spring Championships (8th-9th of April)
 - UK Masters (27th-29th of May)
 - Southern Championships (24th-25th June)
 - Scottish Championships (15th-16th July)
 - Intercounties (26th-28th August)
 - Welsh Championships (9th-10th September)
 - Northern Ireland Championships (23rd-24th September)
- The Premiership/Championship League split will come into place based on the results of the 2017 Spring Championships. At this show, all teams will compete against each other. If a team does not compete in the Spring Championships, they will be placed in the Championship League at the first League show that they compete at.
- The winner of the Premiership League A Final will receive the same amount of points as there are teams at the show, e.g. 40 teams at a competition means 40 points to the winner, this simply then counts down in order all the way to the bottom final in the Championship. If a team misses a League show they will score no points for that show.
- There will always be three Heats in the Premiership – remaining teams will ride in the Championship League. These places are decided by the Overall League Points accumulated throughout the season from League Shows.
- Promotion from Championship to Premiership will take place for the top three teams in the Championship A Final. In the event of 2 teams being tied for 4th place there must be a run off. These teams will automatically get a place in the Premiership at the next League Show, except for Intercounties, as this will be split on Overall League positions only. All other positions will be based on Overall League points.
- Teams will receive -5 League points for any borrowed/guest rider they use at any League Show. The Show Organiser must be informed prior to the event of any guest/borrowed riders. If a team uses a guest/borrowed rider but does not declare this, they will be subject to disciplinary action.
- If a team has to pull out for a medical or veterinary reason meaning that they cannot field at least 4 rider and pony combinations, they score the lowest League points available in the League they are in.
- Any team which does not provide an Assistant Referee or Arena Party for any heat which they are scheduled to officiate in will be deducted 5 points from their heat score.
- Any team which does not provide an Assistant Referee or Arena Party for the Final which they are scheduled to officiate in will be deducted 5 League points from the show, they will not start a Final on -5 scoring points.
- Overall 2017 League Winners will be decided on results of Northern Irish Championships and presented at End of Season. Championship Winners will be the Championship A Final Winners at Intercounties, presented at Intercounties.

THE FUTURE STARS LEAGUE

The MGAGB General Committee have confirmed the following Under 12 Age Group changes will be implemented for the 2017 season.

The U12 age group will be renamed the "Future Stars".

The Future Stars will consist of 2 divisions – to be called the 'Under 12's' and 'Mini'

As it was in 2016 and before, Future Stars results from designated 'Point Shows' will be accumulated to form the Overall League position, the Winners of which will be presented at End of Season.

The Under 12 Division will play all games in the rule book throughout the season. Teams may not receive any outside assistance.

The Mini Division will play some, but not all rule book games i.e. no Joust, Balloon, throughout the season. Teams may not receive any outside assistance.

Teams can decide which division to enter for the Spring Championships.

At following 'Points Shows' a split will be made to form the U12 and Minis Divisions. This split will be made on the Overall League positions, with always at least two heats in U12 division.

After each 'Points Show' the top 3 teams from the Mini League will be invited to move up to the Under 12 Division for the next League Show. This is their choice.

At Non-Point shows, teams will still ride in two Divisions, on the result of the last Points Show.

If a team misses a Points Show they receive Zero points for the League.

The whistle will be blown when there is only one remaining rider in the field of play for all Future Stars.

All riders in the Future Stars will ride twice a day and pay the same entry fee.

There will be a minimum age limit of 4 years old to ride – Age will be determined on date of competition.

Additional Support Statement

Should any members be living with a medical condition that means they are unable to progress up the age group rankings in line with their peers due to competition level ability dispensation of the age limit rules may apply in certain cases.

Any applications for this should be made in writing to the Child Protection Officer, with supporting documentation, prior to March of that Season. They will then bring the case to the General Committee for their attention. Decisions will be made on an individual basis to whether the member would be allowed to remain in the lower age group for that year. Each case will be reviewed on a yearly basis.

MOUNTED GAMES

The careful gait, the perfect style
Are not for the likes of me,
Give me a mount with the will to go
And a mane that's blowing free,
Couple that with a lively mind
That's quick and keen to learn
And I'll give him the knowledge to do
the games, and the skill to twist and turn

Make me a rider brave and keen
With a quick and practised eye,
A Leap like a stag, fast off the flag
With the nerve to do or die,
If it goes our way on that final day
There's a chance I'll achieve my dream
To ride around the arena - hold the cup
And be part of the winning team
